

HULA Special Dogs

Kaiser

Age: 4

Breed: Rotty / Lab X

I am a happy handsome lad who was originally ill-treated and abandoned on the streets of South Wales as a mere pup. I ended up in a local dog pound but it became full of other dogs much like me - there was nowhere for me to go. I came close to being put to sleep but thankfully HOPE Rescue found me a place at HULA. During my formative puppy months I didn't receive the all important things like early socialisation with other dogs and people. At first I was a very nervous boy at HULA and I showed this by being afraid of meeting new humans and barking & lunging at other dogs. HULA quickly identified this and I've been on a training programme to catch up on all of those things that I missed out on.

I Love....

Fuss & attention, especially a nice massage

Chasing tennis balls

Playing with my doggie friends especially being chased

Sausages, ham & chicken!

Seaside, Country Parks & Agility

Long car journeys

I'm Looking For

An experienced owner prepared to continue my training and socialisation & give me the time, attention and exercise to ensure I progress. I would need to live in a home where there were no children and ideally one where there weren't constant visitors. I need somebody who would be prepared to come along to HULA and spend a good deal of time getting to know me.

Education & Training

General obedience classes

Kennel Club Bronze Good Citizen - certificate and rosette. To pass I had to:

🐾 walk through doorways in a controlled manner

🐾 walk past other dogs in a controlled manner

🐾 be examined by a stranger

🐾 recall to my handler whilst off lead

I am Training for my Kennel Club Silver Good Citizen Award where there's even harder things to learn

I have a passion for agility especially the tunnel

I am really interested in scent work & have a really good nose for it!

I have perfect recall, sit, down, stay and leave commands

My Promise To You

Prospective owners can expect a happy, obedient, lad who sometimes gets a bit spooked by strangers, unfortunately this is especially true with children.

With the correct handling and positive reward based training methods this can be worked and improved upon. I will be a faithful companion happy to travel in the car, walk to heel beside you and work hard at my socialisation. I know I can be an exceptionally rewarding addition to the home of a very special person.

Can you... help HULA help Kaiser?

If you are interested in applying for one of our Special Dogs, we will talk to you in detail about your situation & experience. If we believe there is a match we will arrange an initial appointment for you to come along, meet the dog and if successful will plan the next steps.
